ORGANIC FERTILIZER

OIL PALM TREE, SUGAR CANE

FERTINOVA®

2-4-6

ORGANIC FERTILIZER

TARGETED CROPS

FERTINOVA® 2-4-6 is a 100% natural organic fertilizer rich in organic matter, N-P-K nutrients and trace elements of natural origins. It promotes the growth and development of potassium-demanding crops.

ADVANTAGES

- Improved plant growth and vigor thanks to the high calcium content essential for cell division
- Accelerated crop start thanks to the speed of availability nitrogen for plants
- High potassium content to improve fruiting and fruit quality
- Versatile and usable both in background treatment and in interview
- Contribution of organic matter which revitalizes the soil, maintains lumpy structure and improves water retention

COMPOSITION

Organic matter: 24% / %N-P-K: 2-4-6
 Total nitrogen: 2% / Of which organic nitrogen: 1.9%
 Nitric nitrogen: 0.1%
 Assimilable phosphate (P2O5): 4%
 Soluble potassium (K2O): 6%
 Dry matter: 65%
 Source of Nutrients: Compost of plant matter and animal products, animal by-products, vegetable ashes.

BENEFITS

Efficiency
Yield increase > 15%

Simplicity
Compatible with all treatments

Quality
Free of pathogens and weeds

Natural
100% from natural waste

PERIOD OF USE

CROPS	COMMENT
Banana tree	0,6-2,5 Kg/ foot / year within a radius of 0,6m
Oil palm tree	3,5-10 Kg/ foot / year within a radius of 1,5 à 2m
Rubber tree	1-3 Kg/ foot / year within a radius of 1 à 1,5m
Mango tree	3-7 Kg/ foot / year within a radius of 2à 3m

To be adjusted according to soil types, target yields, and other nutrient inputs used.

USAGE PRECAUTIONS

For details and precautions for use, see the label.
 Wear gloves and a mask to handle the product.
 Do not leave within reach of children

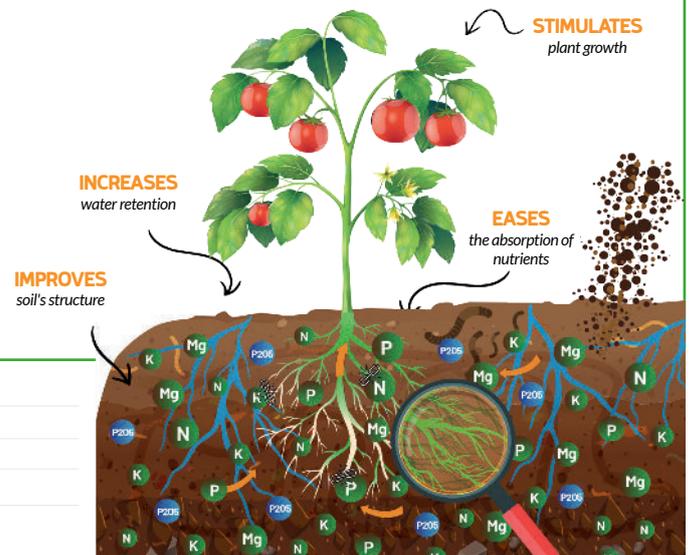

PACKAGING

Bag of 50 Kg or bulk
 Formulation : **Powder 0-20 mm**
