**MANGO / AVOCADO**

# FRUIT FLY MANIA®

## PROTEIN BAIT

CROPS

**FRUIT FLY MANIA®** is a powerful bio-solution attractant specifically designed to target and attract female fruit flies of multiple species, including *Bactrocera dorsalis*, *Bactrocera cucurbitae*, *Ceratitis capitata*, and *Ceratitis cosyra*. Unlike male-targeted pheromone solutions, **FRUIT FLY MANIA®** focuses on capturing female fruit flies, which are responsible for laying eggs and causing direct fruit damage. This makes it a crucial tool in Integrated Pest Management (IPM) programs for fruit and vegetable growers.

### ADVANTAGES

- Broad spectrum pest attraction
- Safe for beneficial insects
- Low environmental impact
- User-friendly and requires no special equipment
- Prevents fruit damage & crop losses
- Continuous & long-lasting protection (up to 8 weeks)
- A crop free of pesticide residues
- Delays resistance development in fruit flies
- Cost-Effective Protection
- Suitable for various fruit and vegetable crops

### BENEFITS

**Early detection and monitoring**

**High persistence**  
Effective bioinsecticide

**Targeted attraction**  
Attracts only male moths

**Natural**  
Zero residues.

CROP	PEST	DOSAGE	HOW TO APPLY
Mangoes Avocado Citrus	<i>Bactrocera</i> SPP <i>Ceratitis</i> SPP	10 Traps/ Ha	<ul style="list-style-type: none"> <li>• Dilute with water (20ml for 180 ml of water) = 1 Trap per Tree</li> <li>• Mix with water+Insecticide and fence spray on the bordering of the farm.</li> </ul>

\*For details and usage precautions, refer to the label

Wear gloves and a mask to handle the product. Do not leave it within reach of children.

### COMPOSITION

Fruit Fly Mania is a protein bait with protein hydrolysates and sugars to attract fruit flies.

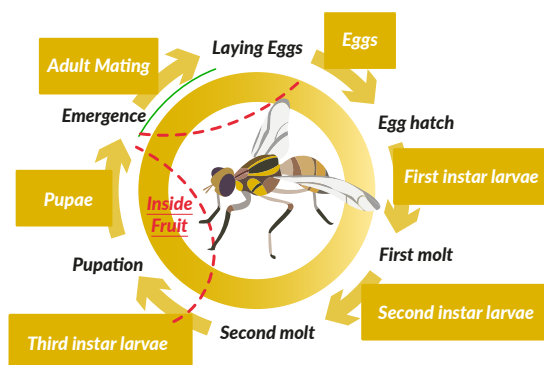

**Protein hydrolytes + Sugars** attracts female species of fruit flies: *Bactrocera dorsalis*, *Bactrocera cucurbitae*, *Ceratitis capitata* and *Ceratitis cosyra*.

**Attract**

### MORE INFORMATION

#### LIFE CYCLE

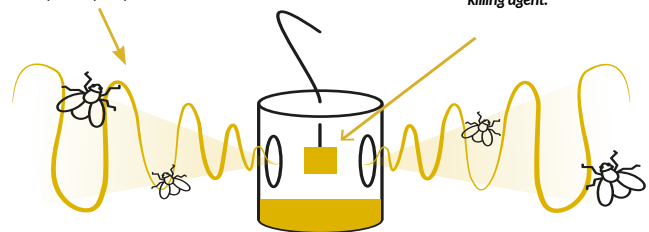

Use Fruit Fly Mania at this stage

#### TRAPS MODE OF ACTION

The protein bait specifically attracts female fruit flies

Support impregnated with protein bait and a killing agent.
